### ADVICE FROM PUBLIC HEALTH

We have put the latest information from public health regarding winter illness on our Facebook page. In view of this we will be enforcing the **48 hour recovery** time for sickness and diarrhoea from today. **Handwashing is an effective way to stop infections spreading** - please talk to the children about the importance of washing their hands with warm soapy water, particularly after using the toilet, after using a tissue to catch a cough or sneeze and before eating.

Please ensure the children have a **water bottle** in school as we will not be using cups to have drinks.
